

# Better Than Spam and Eggs

By Nile Coy

The giant robot nile stumbles drunkenly down the boulevard,  
cussing and shaking his giant robot fist,  
He would kill for a cigarette, and probably will.  
he stubs his giant robot toe on the giant robot curb,  
screams in pain, and sends a carrier pigeon to god  
saying "I love you because you are evil, but I hate you,  
because you are stupid." pigeon burns up trying to  
re enter atmosphere with response from god that is  
never delivered. message from god stated: "Shut the  
fuck up, giant robot nile, sincerely, Yahweh.".... Then  
we had breakfast. french toast. the syrup was divine.
